1. South Mooresville Focus Area Workshop Overview, Themes, and Discussion

Leigh Anne King delivered a presentation to the committee summarizing the themes from public input received as a part of the South Mooresville Focus Area Workshop, explaining the planning objectives and vision maps developed in four groups at the event. A South Mooresville Focus Area Workshop Summary report will be available online soon on www.OneMooresville.org. Committee members discussed the consolidated maps and provided additional thoughts on the area.

Notes on Focus Area

- Implication on future school demand
- BestCo and industrial areas have an interest in more service or food areas nearby. Employment areas need these services nearby for employees

2. Big Ideas and Next Steps for Public Engagement Discussion

Leigh Anne King delivered a presentation to the committee on key big ideas that arose from all the public events to date. Committee members discussed additional concerns they noted in the public feedback.

Notes on Big Ideas

- Water Access is a Major Issue
- US-21 may be a service dividing line as much as I-77
- Need place-making and entertainment in nodes (with a focus on under 21 opportunities)
- Redevelopment vision for older centers or strips along NC 150

3. Vision and Values Statement Updates

Leigh Anne King delivered a presentation to the committee on the updated Vision and Value statements for the plan. Committee members had provided recommendations in November. The statements will next be evaluated as a part of the plan.

4. Next Steps

The OneMooresville Steering Committee will meet next on March 11 to discuss the first module of the draft plan. The entire plan draft will be split into three modules for review at the next three meetings. There is no February meeting.
