1. South Mooresville Focus Area Workshop Overview, Themes, and Discussion

Leigh Anne King delivered a presentation to the team summarizing the themes from public input received as a part of the South Mooresville Focus Area Workshop, explaining the planning objectives and vision maps developed in four groups at the event. A South Mooresville Focus Area Workshop Summary report will be available online soon on www.OneMooresville.org. Team members discussed the consolidated maps and provided additional thoughts on the area.

Notes on Focus Area

- Change in recruiting strategy could lead to firms like Lowe's opening up their campuses
- Consult with Kannapolis about watershed development limits
- Consult with Town Parks and Recreation Department
- The North-South Parkway situation is evolving and may be implemented as improvements to existing roads instead of one major new or improved alignment.
- Explore flexibility in designating nodes.

2. Big Ideas and Next Steps for Public Engagement Discussion

Leigh Anne King delivered a presentation to the team on key big ideas that arose from all the public events to date. Team members discussed additional concerns they noted in the public feedback.

3. Next Steps

The OneMooresville Technical Team will meet next on March 11 to discuss the first module of the draft plan. The entire plan draft will be split into three modules for review at the next three meetings. There is no February meeting.
